Section 4: First Aid Measures

Skin Contact: Wash with soap and water. Get medical attention if irritation develops or persists.
Eye Contact: Flush eyes with plenty of water. Get medical attention if irritation develops or persists.
Inhalation: Remove to fresh air. Get medical attention if you feel unwell.
Ingestion: Do not give liquids to an unconscious person. Dilute with water or milk. Get immediate medical attention.

Section 5: Fire Fighting Measures

Use water fog, dry chemical, carbon dioxide or foam as appropriate for materials in surrounding fire. Use direct streams of water to cool containers exposed to fire. See NFPA Bulletin 654, "Standard for the Prevention of Fire and Dust Explosions from the Manufacturing Processing, and Handling of Combustible Particulate Solids," for safe handling procedures. As in any fire, wear NIOSH/MSHA approved positive pressure self-contained breathing apparatus and full protective clothing.

Section 6: Accidental Release Measures

Refer to Section 8: Exposure Control and Personal Protection

Emergency Action:
No special environmental precautions required.

Spill/Leak Procedure:
Adsorb on an inert material like kitty litter. Sweep up or gather material and place in appropriate container for disposal.

Section 7: Handling and Storage

Refer to Section 8: Exposure Control and Personal Protection

Handling: Keep away from heat, flame and strong oxidizing agents.

Storage: Keep away from heat, sparks, and flame. Store in a cool place in original container away from window or direct sun light. Do not store below freezing conditions.

Section 8: Exposure Control and Personal Protection

Engineering Controls:

Use recommended safe handling practices to minimize unnecessary exposure. General room ventilation is adequate for storage and ordinary handling. Use local exhaust at points of fume generation.

Personal Protective Equipment:

Wear safety glasses with side shields or chemical goggles to prevent eye contact. Have eye-washing facilities readily available where eye contact can occur. Do not wear contact lenses when working with this substance. Wear impervious gloves and protective clothing to prevent prolonged skin contact. Use NIOSH or MSHA approved respiratory equipment.
